

MEASURING GUIDE FOR MEN

To ensure accurate measurements we suggest having a professional tailor or seamstress measure you. If you do not get a professional tailor or seamstress to take your measurements you should follow this guide to ensure proper fit.

We will make your garment according to the measurements you provide. Any alterations, fittings, changes or adjustments, if necessary, can be easily done by any one of your local tailors or seamstresses. We are not responsible for a client's fluctuation in weight.

All international custom orders take 6 to 8 weeks plus upto 10 days for shipping.
All US custom orders, standard delivery time takes 6-8 weeks.

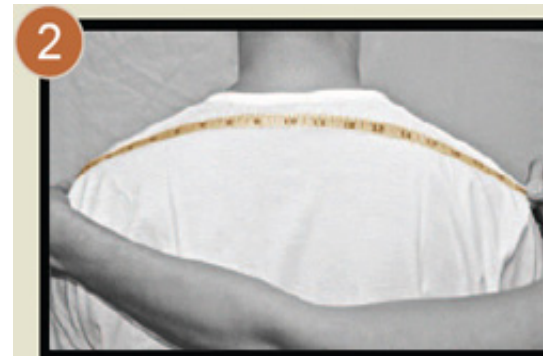

Prices may vary depending upon fabrics and measurement specifications.

Note: Please provide your actual measurements in inches.

Neck

Measure around the lower part of your neck, placing one finger between tape measure and neck

Shoulder

*Measure from one edge of the shoulder to the other, across back.
If you are wearing a shirt that fits well, measure shoulder seam to seam*

Chest

Measure around the fullest part of the chest

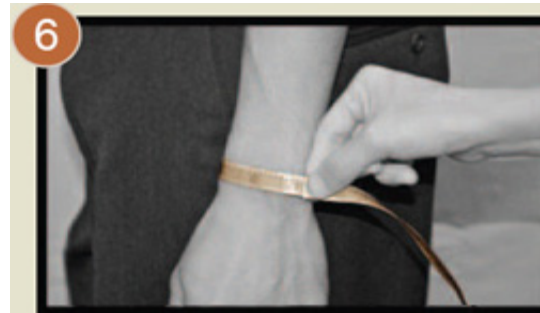

Waist

Measure around the fullest part of the waist

Hip

Measure around the fullest part of your hips

Wrist

Measure around your wrist bone

Sleeve Length

Measure with arm at your side, from the tip of the shoulder to the mid-palm of your hand

Armhole

Measure from shoulder tip to bottom of armhole to shoulder tip

Bicep

Measure around your arm, under the armpit

Back Length

Measure from center of back of the neck, down to the bottom of your rear-end
